55008 • Propane Generator 3500 Watt

3500W surge, 2800W rated. 6.5 HP OHV engine. Runtime: 10 hours at 1/2 load on. Pull start. 5 gallon/20 pounds of fuel. Power outlets: two AC 120V outlets, one AC 120/240V twist-lock outlet and one 12V outlet. Produces 27.5 amps at 120V. CARB approved for CA. EPA approved. Runs operating noise 68dB. Weight: 103 lbs. Propane canister not included.

3995

54046M • Lighthouse Crank Lantern with USB Charging Port

- Features:
- USB output port
 - Charges by AC, DC, and crank
 - Lantern and alert modes
 - 8 watt-hour battery
 - Easy to hang
 - Charge time: 4 hours
 - Run time: 6 hours

The Lighthouse can be charged via AC plug, DC plug, dynamo crank function, or with Goal Zero solar panels. With USB output you can charge any USB device directly. Recharge with any Goal Zero solar panels, power pack, or 12V car adapter port.

550877 • Guide 10 Plus Mobile Kit

- Includes:
- Guide 10 Plus battery pack
 - Nomad 3.5 solar panel
 - 4 pack AA NiMH rechargeable batteries
 - Ultra charge solar cord
 - USB charging cable

Ultra compact solar charging system can be used to charge handheld devices or as a power source. The Guide 10 Plus can be charged with the solar panel in 6-8 hours or by USB in 6 hours. Recharge your cell phone 1-3 times per charge. Guide 10 Plus has 1.0 Amp USB output capable of charging an iPad.

99⁹⁹

55047 • Guide 10 Plus Battery Pack

- Includes:
- Guide 10 Plus battery pack
 - 4 pack AA NiMH rechargeable batteries
 - USB charging cable
 - Solar charging cable

Ultra compact power pack stores power for charging devices day or night. Can charge AA or AAA NiMH batteries from the sun in 6 hours with Nomad 3.5 Solar Panel, 2 hours with Nomad 7, or 6 hours by USB. Built-in LED flashlight runs 20+ hours per charge. Recharge your cell phone 1-3 times per charge. Guide 10 Plus has 1.0 Amp USB output capable of charging an iPad.

29⁹⁸

79⁹⁹

55080 • Nomad 7 Solar Panel

- Includes:
- Nomad 7 solar panel
 - 12V car adapter cable

Compact folding solar panel generates 7 watts per hour. Rugged and weather resistant. Charges handheld devices directly from its USB or 12 volt DC charging ports. Charging times: iPod, Garmin GPS, or satellite phone: 2 hours; cell phone: 1 hour.

55045 • Rock Out Portable Speaker

- Includes:
- Rock Out portable speaker
 - USB charging cable
- Rugged, weather resistant, rechargeable speakers. Can charge directly from Nomad 7 Solar Panel or USB. Produces high quality sound. Contains internal rechargeable Lithium battery that lasts up to 15 hours per charge.

129⁹⁹

55088-P • Guide 10 Plus Adventure Kit

- Includes:
- Nomad 7 solar panel
 - Guide 10 Plus power pack
 - 4 pack AA NiMH rechargeable batteries
 - USB charging cable
 - 12V car adapter cable
 - Solar charging cable

Compact solar charging system which can be used to charge handheld devices or as a power source to recharge NiMH batteries for use in AA or AAA battery powered devices. Charge the power pack with the solar panel in 2 hours. Charge handheld devices directly from the solar panel through its USB or 12 volt DC charging ports. Recharge your cell phone 1-3 times per charge. Guide 10 Plus has 1.0 Amp USB output capable of charging an iPad.

279⁹⁹

55086 • Nomad 27 Solar Panel

Collect 27 watts of power from the sun. Store power with Sherpa 50 power pack. Charges Sherpa 120 power pack in 2-3 hours. Small, lightweight, foldable soft case for convenient carrying. Built-in pocket to store connector cord. Weather resistant.

55050 Sherpa 50 Power Pack 199.99

55060 Sherpa Universal Inverter 69.95

239⁹⁹

55087 • Escape 30 Solar Panel

Collect 30 watts of power from the sun. High impact plastic briefcase to protect solar panel. UV treated and weather resistant to protect casing. Ergonomic rubberized handle for greater comfort and grip. Pop-out leg stands for optimal positioning and convenient set-up. Store-away cable for simple organization.

287⁹⁹

55092 • Escape 150 Adventure Kit

- Includes: • Scout 150 power pack • 15 watt solar panel
- AC wall charger • 12 volt output cigarette adapter

Provides 150 watt hours of rechargeable power. Features an integrated 80 watt inverter for regulated power. Can be charged 3 ways: AC wall outlet, solar panels and DC car adapter. Power can be utilized 3 ways: USB, DC and AC. Charges and powers lights, cell phones, laptops, PDAs, cameras, radios and more.

55084 Boulder 15 Solar Panel 127.99 Collect 15 watts of power per hour from the sun. Charges Escape 150 power pack in 10-20 hours. Can be linked together for maximum energy.

55052 Escape 150 Power Pack 159.99 Store 150 watt hours of power. Charge via wall AC, solar, or 12V car adapter. Charge any device through USB, 12V, or AC. Leave plugged in for emergency backup power.

39⁹⁹

55044 • Light a Life LED

3 watt LED. Light output equivalent to a 45 watt incandescent bulb. Power from DC adapter or any Goal Zero batteries. On/Off rocker switch. Connect up to 12 lights on a chain. One light run time: Sherpa 50 = 16 hours. Scout 150 = 50 hours. Extreme 350 = 116 hours. Includes: LED light, DC adapter and 9' power cord.

12⁵⁰

52949 • Power Failure Light

LED light automatically turns on when power fails. Remove from outlet to use as a flashlight. Run time: up to 12 hours. Built-in rechargeable NiCad battery.

10⁹⁵

55040 • USB LED Light

Powered from any USB device. 10 LEDs with a 9" flexible cable.
